

YOUR BODY, YOUR BUSINESS, YOUR WAY.

Take control of your health with the National Bowel Cancer Screening Program.

Staying up to date with bowel screening can help find signs early - even before symptoms appear. When found early, **OVER 90%** of bowel cancers can be successfully treated.

If you're **AGED 45-49**, you can request your free test kit today.

If you're **AGED 50-74**, you will automatically receive a **FREE** test kit every two years.

If your kit is lost or expired, you can reorder a free kit below.

It's a simple test you can do yourself, at home, every two years. Look after your health. Stay strong for your mob.
