

Bowel screening

GET BEHIND IT!

YOUR BODY, YOUR BUSINESS, YOUR WAY.

Complete a **FREE** bowel cancer screening test every **TWO YEARS**, once you turn 45.

Screen for yourself, your family and your community.

Regular free screening can help find early warning signs, even before bowel cancer is present. If found early, almost all bowel cancers can be successfully treated.

**NATIONAL
BOWELCANCER**
SCREENING PROGRAM

Supported by the Australian Government

For more information, have a yarn with your doctor, nurse, or Aboriginal and Torres Strait Islander Health Worker.
